Back stitch

— 310 Black

Be sure all stitching has been completed before cutting out the ornament pieces. Referring to the cutting line indicated on the graph (---), cut out the stocking, heart and star. Be sure you do not cut into any stitched square. Trim any rough edges or bumps on the canvas. Fold a 6" inch piece of floss in half (use the color of your choice). Position at the top of the ornament. Glue or tack in place. Attach the star and heart to the bottom of the ornament with small pieces of floss.
