

Believe Fold-Over Card

Designed by Corrine Mihlek-Brzys

Try this watercolor technique for ultra-cool, dappled results. Pair it with this delightful folded card and REALLY light up someone's day!

Materials:

#60075 Believe stamp
#90079 Watercolor Postcards
#10020 Memories Black Ink
#90087 Watercolor Palette

You will Also Need:

Orange, Purple, Yellow Cardstock
Brush
Kosher Salt

Instructions:

1. Tear one watercolor postcard off its pad. Watercolor on it with random blocks of color. While wet, sprinkle

some kosher salt (or other large-granulated salt) on the surface. Let dry completely. Once dry, rub off the salt and reveal beautiful dappled coloring where the grains collected and absorbed the watercolor!

2. Stamp Believe on the paper's surface with black ink and trim to 3 x 4.25. Mat on a piece of 3.75 x 5 piece of yellow cardstock and then onto a 4 x 5.25 piece of purple cardstock.

3. Cut a piece of orange cardstock to 12 x 6.75. Score and fold at the 2.5 and 7.25 lines, overlapping the larger fold so the short piece is on the outside of the card. Adhere your stamped piece to the card front on the right side only, so it is permanently attached to the short flap.
