### Back stitch

—	310	Black
○	321	Christmas Red

Be sure all stitching has been completed before cutting out the design pieces.

Referring to the cutting line indicated on the graph (---), cut out the snowman and heart. Be sure you do not cut into any stitched square. Trim any rough edges or bumps on the canvas. Attach the heart to the snowman's mitten with a small piece of red floss.

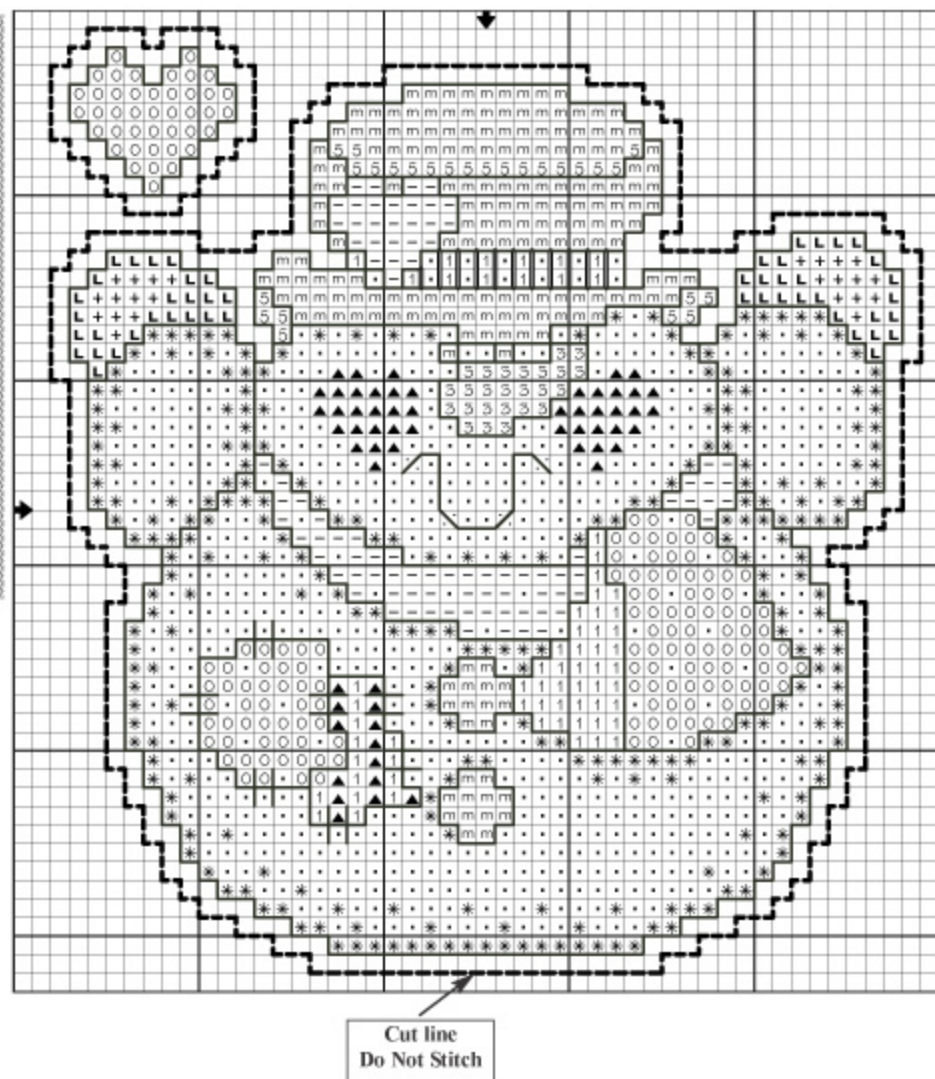

### Optional finishes:

Floss Hanger:

Fold a 6" inch piece of red floss in half and position at the top of the snowman. Glue or tack in place.

Wire Hanger:

Wrap a 15" piece of wire around a pencil to curl it. Poke an end through the top of each mitten. Bend the wire ends to secure it to the snowman. You can tie a small bow on the wire or stitch another heart and attach it to the wire.
