## Instructions:

1. Take a watercolor card and tear at the fold. Use one piece per card front. With a brush and watercolor palette, paint six blocks of color onto the watercolor paper. Blot with a crumpled tissue or paper towel. Let dry naturally or speed up dry time with an embossing tool or hair dryer.
2. Ink your image in black and stamp it in the center of the card, over the watercoloring. Trim to 4 x 5.5. Mat on a 4.25 x 5.75 piece of purple cardstock. Adhere to a larger piece of white cardstock and trim around with pinking shears.
3. Attach entire piece to a 5.25 x 6.75 piece of orange cardstock, centering. Adhere entire card front onto a 5.25 x 6.75 white card body (fold a 10.5 x 6.75 piece of white cardstock in half to create a card body).
4. Affix a peach-colored paper flower and white button to the bottom left corner of the watercolor card.
