Accordion Fold Card or Black Cardstock  
Black, Silver, White and Blue Ink Pads

## Instructions:

1. Use a pre-made accordion fold card, or create your own using black cardstock. Measure 9" tall, 11" wide and score every 3 and 3/4 inches to make folds. Adhere two of these together to make a larger card.
2. Print as many pictures as you would like to use, approximately 3" wide. Use black and white for a consistent look, if desired.
3. Print descriptive words on white cardstock and rub edges with black ink. Adhere onto front of card and sew with metallic blue yarn.
4. Cut the word DAD from blue handmade paper using a die cut machine and adhere to front of card.
5. Add blue tag to bottom of card using a removable adhesive such as Dotto. Stamp diamonds and add to card, if desired.
6. Mat photo with white cardstock and rub with black ink. Add to card just above tag.
7. Cut a slit in side of card using an exacto knife. Rub ribbon with black Stazon ink and when dry, slide through the slit you made. Slide ribbon under tag and pull through the hole. Add additional adhesive to tag once ribbon is in place.
8. Secure ribbon on back side of front cover with tape.
9. Repeat this step on the last page of the card to make a front closure.
10. Cover inside pages with blue and script papers.
11. Print father quotes on white cardstock. Trim and rub edges with black ink.
12. Add photos, quotes and decorative elements to the inside panels as desired.

A few quotes to include:

"My father didn't tell me how to live. He lived, and let me watch him do it." Clarence B. Kelland

"I cannot think of any need in childhood as strong as the need for a father's protection." Sigmund Freud

"It is the wise parent who gives his child both roots and wings." Chinese Proverb

"There are three stages of a man's life: He believes in Santa Claus, he doesn't believe in Santa Claus, he IS Santa Claus." Unknown

"The most important thing a father can do for his children is to love their mother." Theodore Martin Hesburgh
